

## WHERE GOVCONS GO TO GROW

For over a decade, Government Contractors have chosen KARKI Consulting Group as their trusted advisor for ERP Systems Implementations, Managed Accounting Services, and IT/Analytics support.

As a Deltek Partner, KARKI Consulting Group has a unique combination of IT and accounting experience, industry expertise, and SMEs on Deltek systems.

## OUR SERVICES

The KARKI Consulting team has been consulting, advising, and partnering with small, mid-sized, and large organizations for over a decade. We are former GovCon controllers, CFOs, and managers who partner with our clients at each level of the organization in the following ways:

### SYSTEMS IMPLEMENTATION & SUPPORT

KARKI has designed and implemented hundreds of ERP systems. Turn to a trusted advisor when designing and implementing Deltek Costpoint, Time & Expense, and Cognos reporting!

### ADD-ON MODULES

Enhance business processes to drive optimal performance with add-on Costpoint modules. KARKI helps with Subcontractor Management, Inventory Sales Order, HR and Payroll, Contract Management, and Budgeting and Planning.

### COSTPOINT BUSINESS INTELLIGENCE

Leverage decades of experience to maximize the potential of CBI to streamline your manual reporting processes. Reduce overhead and labor by investing in your data management.

### INCURRED COST SUBMISSION & AUDIT SUPPORT

KARKI's consultants help clients prepare complex incurred cost submissions, DCAA and external financial audit.

### DATA RESTRUCTURE & INTEGRATION

Costpoint structure and reporting requirements change as the business evolves. Work with KARKI's specialists to design a new, scalable, and efficient restructure based on the growth and trajectory of the organization.

### WEBSERVICE INTERFACES & AUTOMATION

KARKI helps to bridge the communication gap between Costpoint, Sharepoint, CONCUR, ADP, HRIS, and third party purchasing systems.

### MANAGED ACCOUNTING

We provide a full suite of outsourced accounting services to our GovCon and Non-For-Profit clients. Access a team of industry veterans, at a fraction of the cost, that for decades have been providing industry insights and systems expertise.

### STAFF AUGMENTATION

Do you have openings in your accounting department? Learn how KARKI can help fill interim or permanent positions through our staff augmentation model.
